II. Option to take Death Benefit in instalments:

This is an option to receive death benefit in instalments over the chosen period of 5 or 10 or 15 years instead of lump sum amount under an in-force as well as paid-up policy. This option can be exercised by the Life Assured during his/her life time; for full or part of Death benefits payable under the policy. The amount opted for by the Life Assured (ie. Net Claim Amount) can be either in absolute value or as a percentage of the total claim proceeds payable.

The instalments shall be paid in advance at yearly or half-yearly or quarterly or monthly intervals, as opted for, subject to minimum instalment amount for different modes of payments being as under:

Mode of Instalment payment	Minimum instalment amount
Monthly	₹ 5,000/-
Quarterly	₹ 15,000/-
Half-Yearly	₹ 25,000/-
Yearly	₹ 50,000/-

If the Net Claim Amount is less than the required amount to provide the minimum instalment amount as per the option exercised by the Life Assured, the claim proceeds shall be paid in lumpsum only.

The interest rates applicable for arriving at the instalment payments under this option shall be as fixed by the Corporation from time to time.

For exercising option to take Death Benefit in instalments, the Life Assured can exercise this option during his/her lifetime while in currency of the policy, specifying the period of Instalment payment and net claim amount for which the option is to be exercised. The death claim amount shall then be paid to the nominee as per the option exercised by the Life Assured and no alteration, whatsoever, shall be allowed to be made by the nominee.

III. Settlement Option for Maturity Benefit:

Settlement Option is an option to receive Maturity Benefit in instalments over the chosen period of 5 or 10 or 15 years instead of lumpsum amount under an in-force as well as paid-up policy.

Quarterly	₹ 15,000/-
Half-Yearly	₹ 25,000/-

The interest rates applicable for arriving at the instalment payments under Settlement Option shall be as fixed by the Corporation from time to time.

For exercising the Settlement Option against Maturity Benefit, the Life Assured shall be required to exercise option for payment of net claim amount in instalments at least 3 months before the due date of maturity claim.

The first payment will be made on the date of maturity and thereafter, based on the mode of instalment payment opted for by the Life Assured, every month or three months or six months or annually from the date of maturity, as the case may be.

After the commencement of Instalment payments under Settlement Option:

- a. If a Life Assured, who has exercised Settlement Option against Maturity Benefit, desire to withdraw this option and commute the outstanding instalments, the same shall be allowed on receipt of written request from the Life Assured. In such case, the lump sum amount which is higher of the following shall be paid and policy shall terminate,
 - discounted value of all the future instalments due; or
 - (the original amount for which settlement option was exercised) less (sum of total instalments already paid).
- b. The interest rates applicable for discounting the future instalment payments shall be as fixed by the Corporation from time to time.
- c. After the Date of Maturity, in case of death of the Life Assured, who has exercised Settlement Option, the outstanding instalments will continue to be paid to the nominee as per the option exercised by the Life Assured and no alteration, whatsoever, shall be allowed to be made by the nominee.

- i) This illustration is applicable to a standard (from medical, life style and occupation point of view) life and wherein any riders are not opted.
- ii) Some benefits are guaranteed and some benefits which are Non Guaranteed benefits with returns based on the future performance are shown for two different rates of assumed future investment returns.
- iii) The Non Guaranteed benefits in above illustration are calculated so that they are consistent with the Projected Investment Rate of Return assumption of 4% p.a. (Scenario 1) and 8% p.a. (Scenario 2). In other words, in preparing this benefit illustration, it is assumed that the Projected Investment Rate of Return that LIC will be able to earn throughout the term of the policy will be 4% p.a. or 8% p.a., as the case may be. The Projected Investment Rate of Return is not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including actual future investment performance.

- iv) The main objective of the illustration is that the client is able to appreciate the features of the product and the flow of benefits in different circumstances with some level of quantification.

SECTION 45 OF INSURANCE ACT, 1938:

The provision of Section 45 of the Insurance Act, 1938 shall be as amended from time to time. The simplified version of this provision is as under:

Provisions regarding policy not being called into question in terms of Section 45 of the Insurance Act, 1938 are as follows:

1. No Policy of Life Insurance shall be called in question on any ground whatsoever after expiry of 3 yrs from
 - a. the date of issuance of policy or
 - b. the date of commencement of risk or
 - c. the date of revival of policy or
 - d. the date of rider to the policywhichever is later.

2. On the ground of fraud, a policy of Life Insurance may be called in question within 3 years from
 - a. the date of issuance of policy or
 - b. the date of commencement of risk or
 - c. the date of revival of policy or
 - d. the date of rider to the policywhichever is later.

For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based.

3. Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:
 - a. The suggestion, as a fact of that which is not true and which the insured does not believe to be true;
 - b. The active concealment of a fact by the insured having knowledge or belief of the fact;
 - c. Any other act fitted to deceive; and
 - d. Any such act or omission as the law specifically declares to be fraudulent.

4. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak or silence is in itself equivalent to speak.

5. No Insurer shall repudiate a life insurance Policy on the ground of Fraud, if the Insured/beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the policyholder, if alive, or beneficiaries.

6. Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which policy was

issued or revived or rider issued. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which decision to repudiate the policy of life insurance is based.

7. In case repudiation is on ground of mis-statement and not on fraud, the premium collected on policy till the date of repudiation shall be paid to the insured or legal representative or nominee or assignees of insured, within a period of 90 days from the date of repudiation.
8. Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer. The onus is on insurer to show that if the insurer had been aware of the said fact, no life insurance policy would have been issued to the insured.
9. The insurer can call for proof of age at any time if he is entitled to do so and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof of age of life insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.

[Disclaimer: This is not a comprehensive list of Section 45 of the Insurance Act, 1938, and only a simplified version prepared for general information. Policyholders are advised to refer to Section 45 of the Insurance Act, 1938, for complete and accurate details.]
